Vermont Consumers Have the Right to Obtain a Security Freeze

You have a right to place a "security freeze" on your credit report pursuant to *9 V.S.A. Section 2480h* at no charge. The security freeze will prohibit a credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail.

The security freeze is designed to help prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gains access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you

make regarding new loans, credit, mortgage, insurance, government services or payments, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale.

When you place a security freeze on your credit report, within ten business days you will be provided a personal identification number, password, or other equally or more secure method of authentication to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party, parties or period of time after the freeze is in place. To provide that authorization, you must contact the credit reporting agency and provide all of the following:

- (1) The unique personal identification number, password, or other method of authentication provided by the credit reporting agency.
- (2) Proper identification to verify your identity.
- (3) The proper information regarding the third party or parties who are to receive the credit report or the period of time for which the report shall be available to users of the credit report.

A credit reporting agency may not charge a fee to remove the freeze on your credit report or authorize the release of your credit report for a specific party, parties, or period of time after the freeze is in place.

A credit reporting agency that receives a request from a consumer to lift temporarily a freeze on a credit report shall comply with the request no later than three business days after receiving the request.

A security freeze will not apply to “preauthorized approvals of credit.” If you want to stop receiving preauthorized approvals of credit, you should call 888-222-7621, or 800-884-4747 option# 5, or faxing to: 404-393-9512, or visit www.MicroBilt.com, or www.PRBC.com to opt-out.

A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity with which you have an existing account that requests information in your credit report for the purposes of reviewing or collecting the account, provided you have previously given your consent to this use of your credit report. Reviewing the account includes activities related to account maintenance, monitoring, credit lines increases, and account upgrades and enhancements.

You have a right to bring a civil action against someone who violates your rights under the credit reporting laws. The action can be brought against a credit reporting agency or a user of your credit report.
