

Easy access to DMV data.

Microbilt's Motor Vehicle Search **validates an applicant's information** using data from state DMV databases and other government agencies.

Extremely helpful in locating an individual, verifying application information or finding registration and lien information the Motor Vehicle Search returns a registrant's:

- Address
- Date of birth* and gender
- Vehicle identification number and tag number
- Vehicle title issue date and status
- Driver's license number and origination
- Liens and lien type
- Vehicle year, make, model, body type, and color
- Registration expiration data
- Odometer reading

Motor Vehicle Search is **used by multiple industries** for both confirming an applicant's identity and information as well as for locating an individual during recovery efforts or identifying their vehicle information.
